

BELT BUDDY

Always be safe when you're in the car – keep your seatbelt fastened. To help you remember, colour in or draw your very own Belt Buddy design. Then take it home for a grown-up to cut out and stick onto a piece of card. Next time you're in the car, once your belt is fastened you can put your Belt Buddy on.

Teacher's note: This activity would be suitable for the Creative – imagination/art and craft part of the curriculum.

You know where to turn **TOTAL**
